

Emerging Scenarios of Deep Continental Structure - A Resume

Introduction		
Geological Framework		439
Continental Boundaries	Crustal	439
Magnetic Features	Crustal	439
Gravity Features	Seismic	458
Velocity Structure	Thermal	460
Structure	Stress Fields	462
.....	Regional Features:	466
Peninsular Shield	Himalaya	467
.....	Continental Margins	468
.....	Concluding Remarks	478
.....		480
.....		481

12. Frame Work for Future Programmes Introduction

Basic Aspects of a New Approach	
Ouqine of Future Programmes	484
Intra Continental Programmes	486
Generation of Basic Data	486
Integrated Geophysical Approach	488
Regional Problems of Crustal Structure	493
Concluding Remarks	495
	497
