

DEPARTMENT OF SCIENCE & TECHNOLOGY
(Technology Mission)

Department of Science & Technology proposes to develop a compendium of available Technologies to harness the Solar Energy. The compendium may include details on status of development and deployment of technology, investment needed in plant and machinery, land and building claimed strengths and limitation alongwith status of absorption of technology in Indian context. The interested organization may submit conceptual framework of compendium with indicative budget, coverage methodology, timeframe etc to Dr. Laxman Prasad, Adviser & Head (Technology Mission), Department of Science & Technology, Technology Bhawan, New Mehrauli Road, New Delhi-110016, Email:laxman@nic.in by 15th May, 2010.
