

# WOMEN SCIENTIST SCHOLARSHIP SCHEME (WOS-C)

The scheme aims to train women having qualifications in science/ engineering / medicine or allied areas in the area of intellectual property rights (IPR) and their management for a period of one year.

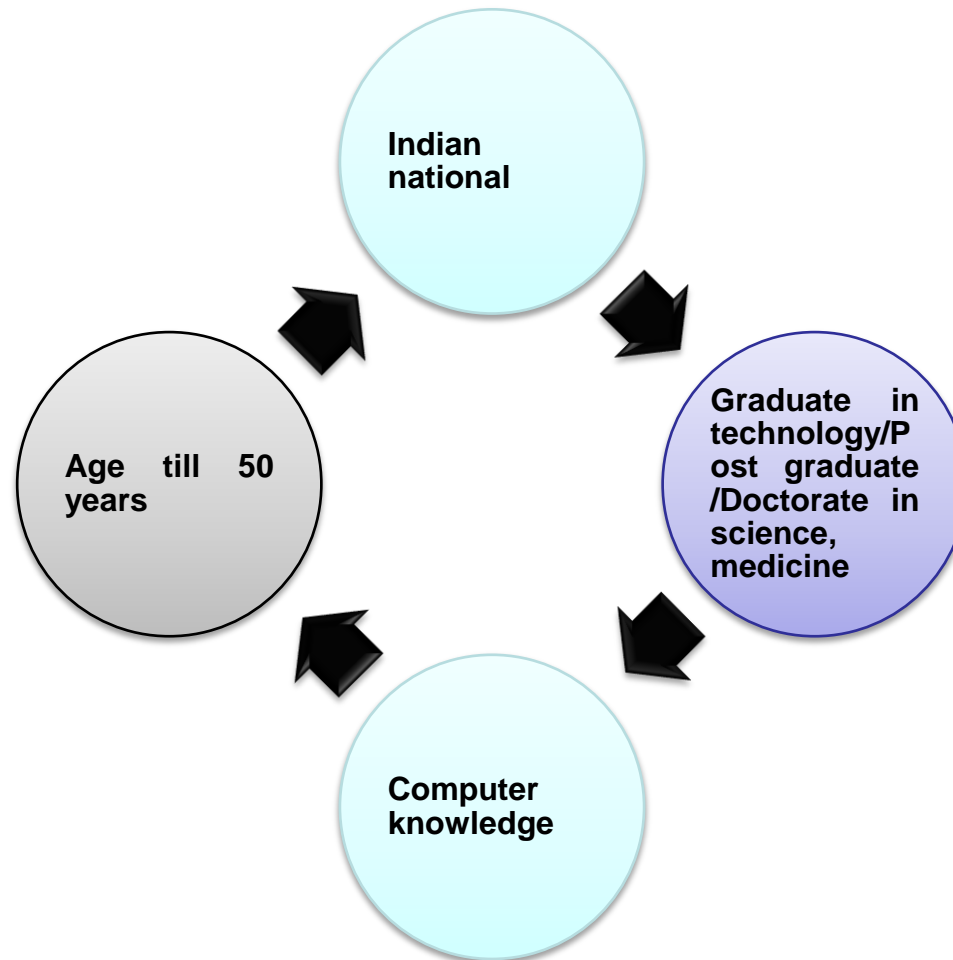

Government is interested in retaining the scientific talent of Indian women seeking scientific pursuits and keen to encourage women to work from their homes, enabling them to draw a good balance between professional and domestic demands.

# OBJECTIVES

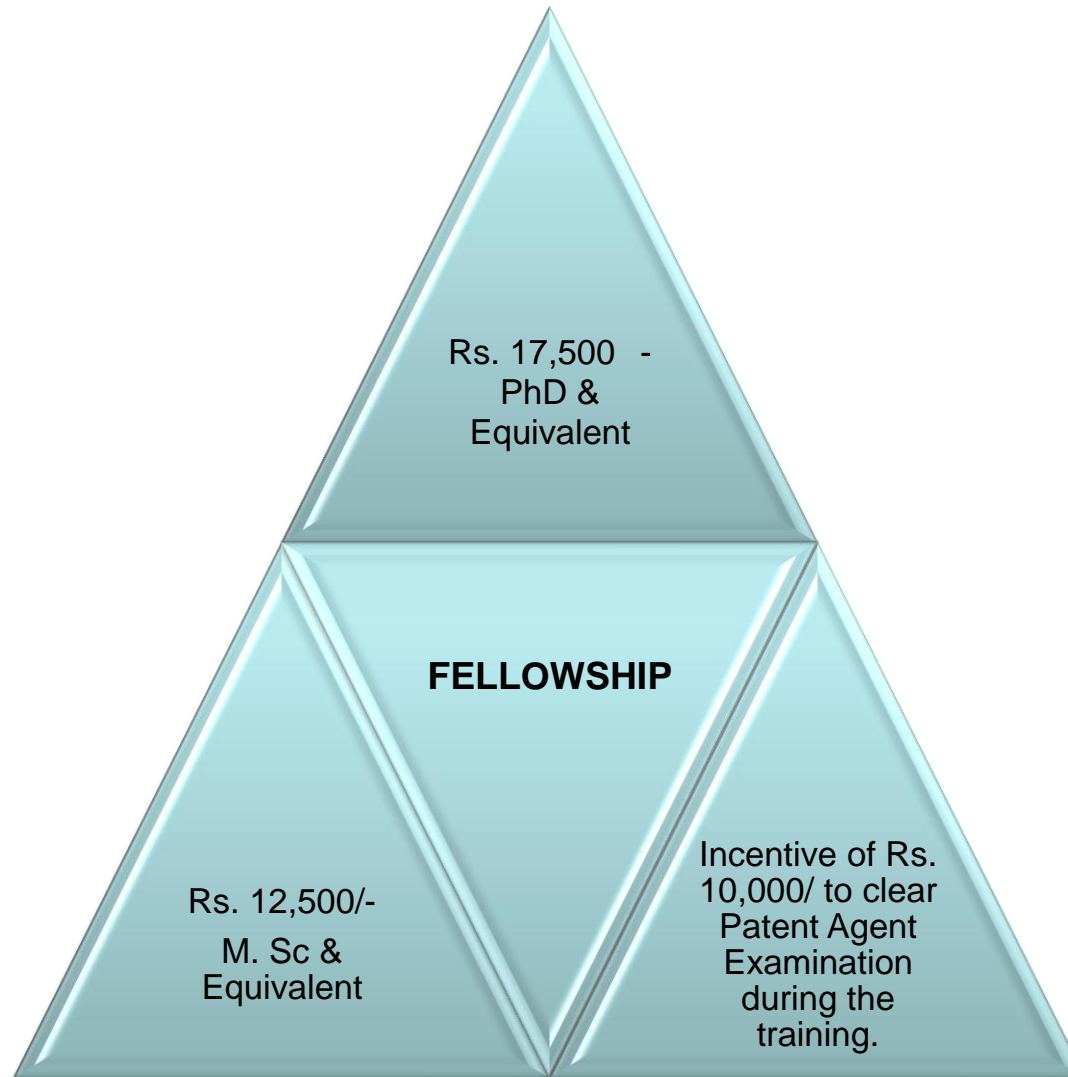

Empower talented and skilled women who have studied science, engineering, medicine and allied areas to contribute effectively in the advancement of science and technology in the country.

Develop a pool of women scientists geared up in creating, protecting and managing intellectual property in India.

# Eligibility

# Support

# Selection Procedure

- **ADVERTISEMENT** **ALL INDIA**
