

## **Initiative for Research & Innovation in Science**

Department of Science & Technology (DST) – Confederation of Indian Industry (CII) and Intel jointly organizing the programme of Initiative for Research & Innovation in Science (IRIS) in order to promote innovation culture among youth of this country for last three years.

Young innovators of age group (Age < 13 years, Age < 20 years, Age < 35 years) can participate in IRIS.

Best potential innovating projects selected at National Fair are facilitated to participate in Intel International Science & Engineering Fair (ISEF) held every year in USA at one hand & another batch of best potential innovative projects selected at National Fair would able to participate in International Exhibition for young inventors (IEYI) being promoted Internationally by Japan Institute of Invention and Innovation (JIII).
