MINISTRY OF SCIENCE AND TECHNOLOGY
DEPARTMENT OF SCIENCE & TECHNOLOGY**

**INDIA-JAPAN COOPERATIVE SCIENCE PROGRAMME (IJCSP)
CALL FOR PROPOSAL- 2011**

LAST DATE FOR SUBMISSION OF PROPOSALS: 13th September, 2011

The Department of Science and Technology (DST), Ministry of Science & Technology, Government of India, New Delhi and the Japan Society for the Promotion of Science (JSPS) conduct the India-Japan Cooperative Science Programme (IJCSP) to promote bilateral scientific collaboration between Indian and Japanese scientists. Applications are invited from eligible Indian researchers /scientists to submit proposals for collaborative projects and joint workshops under IJCSP.

Areas of cooperation:

The support is available to the following scientific areas:

- Molecular and Supra-molecular Science
- Advanced Materials, including Polymers and Nano-materials
- Modern Biology and Biotechnology
- Manufacturing Sciences
- Astronomical and Space Science
- Surface and Interface Science including Catalysis

Who can apply?

A joint application must include one Indian and one Japanese Principal Investigators, who would be responsible for technical as well as administrative co-ordination of the project and its periodic scientific and financial reporting to the DST/ JSPS respectively.

The Principal Investigator (PI) and other investigators in India should be scientists/ faculty members working in regular capacity in UGC recognized Universities/ Deemed Universities/ Academic Institutes and National Research & Development Laboratories/ Institutes. It is preferred that a member of the project team may be designated as Co-PI.

The Japanese PIs must be full time researchers employed at Universities or other research institutions recognized by JSPS. Further details in respect of Japanese participants JSPS website (www.jspso.gov.jp) may be referred to.

Duration: 2 years.

Kind of support available: DST provides the following support under this Programme:

For Indian Researchers – Cost of International airfare to and from the designated research location, visa fee, air port taxes, overseas medical insurance premium for the approved visit duration and airport transfers in India. For joint workshops/ seminars to be organized in India, local travel cost of selected Indian participants and organizing expenses may also be considered for support as per DST norms.

For Japanese Researchers – Costs of accommodation in a guest house, per diem and domestic travel expenses in India including airport transfers as per DST norms.

Processing: The formats for joint project/seminar proposals and other details are available at the websites: www.stic-dst.org.in or www.dst.gov.in. Project proposal is to be submitted through e-mail to ruckmani.a@nic.in (preferably in MS Word format in one file indicating file name as PI name & area code) as well as by Post (3 copies) in the prescribed format on or before the given deadline above through proper channel to :

Dr. Ruckmani, Scientist, International Division, Department of Science & Technology,
New Mehrauli Road, New Delhi-110016.

Japanese Principal Investigators need to submit proposals with a matching research/ seminars plans to JSPS simultaneously.

Japanese Researchers are requested to contact JSPS for their application submission period, documents to be submitted etc. The website: http://www.jsps.go.jp/i-bilat/semina/shinsei_bosyu.html (available only in Japanese) may be referred for details.

International Projects:

S. No.	Project Title	Name of the Collaborating Scientist & Institute	Sponsoring Agency	Budget	Status

B. TECHNICAL INFORMATION

- Objectives (*in bullet form*) :
- Necessity and the significance of the proposed research exchange with Japan: (whether the proposed work could be done without the collaboration, if not please mention the complementary aspects including benefits of the collaboration)
- Past research activities in the relevent area including those with Japan and history of correspondence with the Japanes PI.
- National & International scenario in the proposed topic/theme of research (*in about 200 words*), Please provide key bibliographic references.
- Scientific & technical description of the project including methodology
- Plan of proposed research and six monthly milestones (*please describe the project's collaborative framework, division of work between Indian and Japanese sides, number of exchange visits planned with duration of each visit during each financial year from each side, up to 2 visits per year from each side*)
- Expected results of the Cooperation (*for example: joint publications, patents etc.*). Are any of the expected results are likely to have commercial value? How do you propose to share it ?:

8. **Dully filled in Check list in the prescribed format.**

The PI's are advised to go through the Gazette of India notification dated 8th November 2006 giving guidelines for international collaborative research projects which can be downloaded from the website (www.nbainida.org).

In case the results of research from this project subsequently prove likely to lead to any Intellectual Property Rights, the collaborating partners shall enter into a fresh agreement with National Biodiversity Authority (established under section 8 of the Act) to ensure sharing of benefit in accordance with provisions of section 6 the Act, prior to filing of the application for Intellectual Property Rights(s).

9. Any other relevant information:

C. FINANCIAL AND ADMINISTRATIVE INFORMATION

TOTAL COST OF THE PROJECT:

Generally limited to the extent of expenditure on approved exchange visits viz. international airfare for Indian scientists and local hospitality to the Japanese scientists as per approved norms. Only minimal support for consumables and contingencies will be considered as per DST's norms. Major items of expenditure should be met from internal resources of the Implementing Institution or any other sources.)

1. List of equipment and other facilities available in the participating Institutes for implementation of the project :
(In case facilities of other institutes are utilised, a consent letter from the these institute(s) may be neclosed)
- 2.. Exchange visits and estimated expenditure:

Items of Expenditure	1 st Year	2 nd Year	Total
<u>Visits from India to Japan</u> - Number of visits and duration for each visit - International to & fro Airfare by IATA economy excursion class including airport taxes - related local travel in India from city parent institute to nearest International Air Port - visa fee - Overseas medical insurance			
<u>Visits from Japan to India</u> - Number of visits and duration for each visit - Accommodation in Guest House - Per diem @ 1000 per day - local travel in India between the host institute and the nearest International Air Port			
Total			

Note :i) The PI is to required to submit periodic reports and its continuation in the second year would depend upon its progress assessed by DST. At the end of each **financial year**, the PI is also required to submit the Utilisation Certificates and Statement of Expenditure in prescribed format.

ii) Visit of one person is to be counted as one visit.

3. Designation and address of the Authorised official in Institute/ University to receive the grant
4. A letter from the Japanese Principal Investigator agreeing with the objectives, work plan including projected visits from both sides may be enclosed.

We hereby certify the statements above to be true and correct.

CERTIFICATE OF HEAD OF THE INDIAN INSTITUTION

It is certified that

- 1) The institution agrees to participate in this joint research project;
- 2) In the event of the Indian Principal Investigator (PI) leaving the Institute due to retirement or otherwise, the Co-PI would become the PI and be responsible for completing the project and submitting the periodic progress report and financial statements;
- 3) The institution shall provide infrastructure & available facilities as mentioned above, for implementing the joint project;
- 4) The institution assumes to undertake financial & other management responsibilities for part of the project work to be carried out in this institution;
- 5) The breakup funding for manpower, consumables etc. is available to this project;
- 6) All necessary formalities as per our institution have been completed.

 - (v) Miscellaneous :
5. Is there any possibility, however :
remote, use of data, information
or result of the work which may
impinge on India's national security?
If yes, the nature of such a use may
be indicated. (In case the concerned
scrutinizing Ministry do not have clear
answer, the matter should be referred
to the DRDO and MHA for examination).

II. ORIGIN OF THE PROJECT AND ITS SPONSORS:

6. If the proposal is foreign-originated,
What is the background of the foreign
agency or organization which is sponsoring
the project? Information available, if any on
past collaboration by foreign agency with
Indian Institution.
7. Are the foreign agency, organization, scientists
concerned, known to have taken up any project of
military significance in the past or are known to be
associated with any military organization or project?
(if the above information is not known or if
there is definite information that there is no
such association, these should be clearly
indicated).
8. Is the proposer (Indian) known to the foreign
collaborator and his group for some time and has
this emerged naturally from the research work
done by the two sides?

III. FUNDING OF THE PROJECT

9. Is the foreign source know to have funded research into sensitive and national security areas in its own country or in other countries?
10. Are there reasons to believe that the foreign source is a cover name for some other sponsor?

IV. ADMINISTRATION AND CONTROL OF THE PROJECT

11. Give a list of the likely places of visit :
within the country planned by the foreign collaborator. Also give a list of the institutions which the collaborator is likely to visit.
12. Will any sensitive source material be referred to during the course of the research?
13. (I) Does the collaboration involve
 - a) Transfer of biological material(s) :
 - b) Use of radioactive materials :
 - c) Use of environmentally or otherwise hazardous material(s) :
 - d) Use of Genetically Modified Organisms :
 - e) Field trials or testing :
 - f) Ethical issues :
 - g) Issues related to Intellectual Property Rights (IPR) :
14. If answer to any section of question 13 is yes, are the investigators/ proposers aware of the relevant regulations and have they agreed to abide by them?
15. Will the research be conducted in accordance not only with the country's own ethical and environmental standards, but with international standards as well?
